

Town Meeting

and to have on record a possible two-thirds vote. Place made a plea to the people not to vote against an article for a technical reason.

Articles considered last week included: Article 25 requested \$6000 to alleviate a drainage problem on Pleasant Street and was passed by a vote of 333 to 22; Article 26 was unanimously approved to refurbish, replace, and gold-

leaf the dials and hands of the Town Clock for \$2000; Article 27 was also unanimously passed for \$30,000 to resurface certain streets with bituminous concrete.

Article 28 failed to pass with a vote of 138 for and 305 against appropriating \$65,000 to install a water main on Chief Justice Cushing Highway; Article 29 was unanimously passed to appropriate \$836.12 from Water Depart-

ment Surplus Revenue and transfer to the town's Surplus Revenue Account.

Article 30 required a two-thirds vote, which it didn't receive with a vote of 201 for and 217 against appropriating \$31,800 for the purchase of a new truck and aerial bucket for the Wire Department; Article 31 passed with a vote of 243 to 167 to elect a separate Board of Sewer Commissioners beginning next year consisting of three members.

Article 32 was defeated by voters, who were asked to reduce the size of the School Committee from six to five members; Article 33 unanimously passed to appropriate \$4903 to increase the salary of the Highway Surveyor to \$16,000 for a full-time position; Article 34 also unanimously passed to appropriate \$5,000 to engage the service of an engineering consulting firm to make a comprehensive study of Strait's Pond in conjunction with the Town of Hull.

Article 35 met its demise when voters decided they didn't care for the sewer treatment plant site, which is bounded by land of the south Shore Playhouse and Smith Place. The requested appropriation in Article 36 for \$265,000 for additional working plans and specifications for a sewer system couldn't be voted on, after the site location was voted down.

Unanimously passed were Article 37 to amend the municipal bylaws; Article 38, amending the Personnel Classification and Compensation Plan Bylaw; Article 39 to amend the Historic District Bylaw; and Article 40 to raise money to defray the cost of printing the bylaws in looseleaf form.

Article 41 met with unanimous approval, permitting the Cohasset Sailing Club to remove its existing building and construct a larger building on property owned by the town at Government Island. Articles 42 and 43 to consider collective bargaining agreements with the police and fire departments were deferred until the meeting reconvenes in June.

Article 44 was defeated in a secret ballot with a vote of 138 to 123 to exempt future police officers from Civil Service Laws and Rules.

Articles 75, 76, 77 and 78 were considered before the zoning bylaw articles, Articles 45 through 74, which will be considered at the June 26
